

U.S. Embassy Manama

Demonstration Notice 54 – October 16, 2014

A violent opposition group has called for protests along Road 1010 near the Bahrain Mall and south of the Seef District, on Friday and Saturday (October 17-18, 2014) most likely during the afternoon and evening hours. Affected neighborhoods will likely include Karbabad, Daih, Jidhafs, Sowaifia, and Naim. Clashes are possible. Avoid the road networks south of the Seef District and avoid the Budaiya Highway Corridor east of the Burgerland RA to the Naim area. Expect increased police activity and traffic congestion (Yellow oval).

Improvised Explosive Device (IED) usage throughout the country continues to take place primarily in the restricted areas and against police forces. Additional IED attacks remain likely. The IEDs have been secreted into areas along certain neighborhood streets and common streets throughout the restricted areas. Avoid areas where the MOI's security forces are gathered due to the threat of likely pending anti-Government of Bahrain (GOB) activities. Do not attempt to drive through or otherwise remove debris strewn across roadways. Use caution and alter your daily routes of travel to avoid known problem areas.

There have been no direct attacks on U.S. citizens to date. We recommend that you continually exercise the appropriate level of security awareness in regards to anti-U.S. activity or events. Spontaneous and, at times, violent anti-government of Bahrain protests continue to occur, particularly at night and on weekends. These protests have included blockades of major highways with burning debris and the establishment of unofficial checkpoints. Protestors have thrown rocks and Molotov cocktails and used homemade weapons to include improvised explosive devices and shotgun like projectile launchers. To counter these acts the Ministry of Interior will utilize crowd control measures, such as tear gas, stun grenades, and birdshot. Violent clashes between security forces and protestors can make travel in and around Bahrain dangerous without advance warning. The Ministry of Interior maintains official checkpoints in certain areas. We remind U.S. citizens that even demonstrations intended to be peaceful can turn confrontational and possibly escalate into violence. U.S. citizens are therefore urged to avoid the areas of demonstrations if possible, and to exercise caution if within the vicinity of any demonstrations.
